

INFORMATION WEBSITES

ASSOCIATION OF CANCER ONLINE RESOURCES, INC.

<http://www.acor.org> -Creates, produces, hosts and manages a large number of specific online resources for cancer patients, caregivers, healthcare professionals and basic research scientists

ADVANCEDBC.ORG

<http://www.advancedbc.org> -Musa Mayer has been a patient advocate ever since her own diagnosis with Stage II breast cancer in 1989. Her special focus is on helping those who are living with advanced breast cancer to make good treatment decisions based on the latest clinical research. Excellent links on researching treatments and finding support.

BREAST360

www.breast360.org - The American College of Breast Surgeons website. Find answers about breast issues including benign breast issues; imaging & diagnosis; risk, prevention & genetics, surgery; clinical trials; latest news; find a surgeon. The website has been written by members of ASBR with input from experts in various fields. 877-992-5470

BREAST CANCER CHOICES

<http://breastcancerchoices.org/> -Innovative Research and Patient Advocacy. Breast Cancer Choices, Inc. is a nonprofit organization helping patients make informed choices about breast screening, diagnostic procedures and treatment. Every piece of information on this site has been rigorously fact-checked and documented.

BREASTCANCER.NET

www.breastcancer.net -Archive of over 1,500 cancer-related news items. Use this site to subscribe to The Breast Cancer Net Newsletter, a free, daily synopsis of the latest in breast cancer news.

CANCERLYNX (We Prowl the Net)

www.cancerlynx.com/

CANCER COMMONS: A Website to Help Choose the Best Suited Clinical Trials for Patients

<https://www.cancercommons.org> Phone: 650-530-3636. An online resource for cancer patients and professionals. The Cancer Commons network will transform cancer research and clinical care by tightly integrating them around patients. Each patient will be treated using the latest therapies, enabling researchers to quickly test and refine their collective knowledge. Our service is 100% *free* to patients and their families, and is entirely confidential.

CANCER CONSULTANTS

www.cancerconsultants.com Cancer Consultants has a Breast Cancer Information Center dedicated to providing comprehensive, up-to-date news, treatment information, clinical trials listings, and more for breast cancer patients.

CANCER RESOURCE CENTER OF THE HUDSON VALLEY

www.hudsonvalleycancer.org The Cancer Resource Center of the Hudson Valley strives for the day when its mission of providing the necessary support tools and resources to educate, guide and empower cancer patients and their families in our community to fight their cancer will no longer be needed. (845) 457-5000. info@hudsonvalleycancer.org

CANCER SUPPORTIVE CARE PROGRAM (CSCP)

www.cancersupportivecare.com/- Provides multidisciplinary information and services for cancer patients and their families and friends. Based on the book, Supportive Cancer Care by Ernest H. Rosenbaum, MD and Isadora R. Rosenbaum, MA, Sourcebooks Inc, 2001.

CHEMOTHERAPY AND BEYOND

www.chemocare.com/- Scott Hamilton's chemotherapy site offers the latest chemo information for cancer patients and their families, caregivers and friends.

GENOMIC HEALTH

www.oncotypedx.com/ This site features information on Oncotype DX™, a breast cancer test from Genomic Health that can help individualize breast cancer treatment. Oncotype DX predicts the likelihood of breast cancer recurrence in women with newly diagnosed, early stage invasive breast cancer, and assesses the benefit from certain types of chemotherapy. This information can help doctors tailor breast cancer treatment on an individual basis.

HER2SUPPORT

www.her2support.org/ - Through a team effort, this unique support group seeks to promote education by maximizing the utilization of available resources. Assist members by supporting their concerns and providing links to news and current research.
